Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Received proposals
of the Senior Surgeon
regarding the work
& prospects of Mrs
V. V. Monteiro, Dentist
of the Victoria Hospital
Bangalore.

The file relating to
the appointment of Mrs
Monteiro as a Dentist
in the Mysore Medical
Service has been put
up as reference to
the file regarding the
proposal to depute
Mrs Monteiro to Mysore
for 2 or 3 days in a
week for doing dental
work there. The proper
Communication will then
first be worked up &
submitted after
receipt of the necessary
files.
CB. 15/5/23

N.B.—Should routine notes be written on small slips, the notes must be copied, or slips pasted on this form.

Med File No. 56 of 1922

Serial No.

Kind reference is invited to the First Member's Personal Note in Medical File 56-22 Sec 1-3, wherein he has been required to be a whole-time officer. It is a point for consideration whether in view of the above fact the approval of the Senior Surgeon to limit the visits of the Dentist to the Hospital to thrice a week can be agreed to. The question of fixing the pay of this officer once for all for the period of the entire service appears also perhaps rather peculiar.

Submitted for orders

C.G.

1/2/23

The object of the present communication to Govt is a representation made to the Senior Surgeon by Lieut Dentist, Asst Surgeon 1st Grade, that his position in the Civil List would be adversely affected by the direct appointment

NOTE.—Contn. sheet.

Serial No.

of Dr. Monteiro as Asstt Surgeon 1st Grade
The Senior Surgeon has not sent up Dr. Gundapa
representation nor has he asked for orders in
that respect.

Dr. Monteiro has been trained both in
the general and special line at the expense of Go
and under the conditions of his employment ~~service~~ Govt are
~~not~~ entitled to the benefit of his whole time serv
The contention of the Senior Surgeon that Dr. Monteir
will not accept or be called upon to do any work
in the general line or in any other special line
does not seem to be quite sound. Dr. Monteiro ha
taken the degree of M.B. B.S of the Bombay Universi
with distinction and there is no reason why he shou
not do well in the general line also nor is there anythi
to prevent the Govt or the Senior Surgeon from
assigning additional general work to this officer,
if they find it necessary to do so. Such a course
was adopted in the cases of Dr Muthuswamy
himself in the Victoria Hospital and of Dr B. K.
Narayanarao in the Krishnarajendra Hospital.
Dr. Monteiro himself may not object to take up general
work as it will enable him to keep himself in touch
with the profession and become more efficient.

Dr. Monteiro is still in the probationary
period of his service and has not yet earned confirmation

Immediate

Office of the Senior Surgeon in Mysore,

Bangalore, dated, 27th April 1923.

L5573.

No. 38370 G.C. 308. Med 56-22-4

From The Senior Surgeon
with the Government of
H.H. the Maharaja of Mysore,
Bangalore.

To

The Secretary to the Government of
H.H. the Maharaja of Mysore
Revenue Department, Bangalore.

Sir,

Adverting to Government Order No. L.3818-19 Med.56-22-2 dated 22nd November 1922, appointing Mr. V. V. Monteiro to the Dental Department of the Victoria Hospital and starting him on Rs.200/- in the scale 200-20-360 of the First Grade of Assistant Surgeons, I have the honour to state that in the Civil List corrected up to 1st January 1923, he has been placed above Mr. K. V. Gundopanth who is officiating in that grade and the latter has submitted a representation that Mr. Monteiro's direct appointment to the 1st grade affects his own position in the list.

2) In this connection, it must be submitted that Mr. Monteiro is a Specialist in Dental Diseases and as such his work will be confined to that Special branch only and he will neither accept nor be called upon to do any work in the general or any other special line. Thus he will not be expected to fill a District Charge or the administrative charge of any of the medical Institutions and cannot, therefore, be given any of the sanctioned places of Surgeons in the Department. He will have to remain as Dentist and Dentist alone. Under these circumstances there is no purpose in placing him in the general list of First Grade Assistant Surgeons who expect in the usual course, promotion to the next higher grade. At the same time it will not be fair to the officer, when he is appointed a whole-time Officer and made to attend the hospital every day and

and do as much useful work in his own line as others do in other lines, to deny to him any promotion beyond the -- maximum of the 1st Grade of Assistant Surgeons.

Mr. Monteiro joined his appointment in the last week of November 1922 and from the appended abstract of attendance in the Dental Department of the Hospital during the four months - December 1922- March 1923 - it will be seen that only on three days the number went to between 16 and 20, on seventeen days it was between 11 and 15 and during the remaining days it never exceeded 10. These ten cases will not give more than an hour's work to Mr. Monteiro. He, although he has been attending the hospital every day could only employ one hour of his time usefully, the remaining time being practically wasted.

The low attendance is due to the fact that the number that was formerly attending on three days in the week is now spread over seven days. Also, it is only simple cases of loose and carious teeth requiring extraction and cases of pyorrhoea that go to the hospital for treatment. Other cases requiring filling, dentures etc., have to be attended to at the private Surgery where there is complete equipment and other conveniences. These cases usually attend in the mornings in preference to other business hours of the day. Hence every hour of idle detention of the Dentist at the hospital operates as an equivalent loss of his services to the public attending his surgery for treatment in the mornings.

I am therefore of opinion that the requirements of the Dental department of the hospital will be fully met by weekly visits of the Dentist instead of daily as at present. In consideration of this reduction in his attendance his prospects of pay in the service may be correspondingly raised and a saving effected. His present pay Rs.200-20- gives an average of Rs.301 1/3 with prospects of promotion to higher grade. It may be fixed at Rs.250/- which had been sanctioned to Dr. Rule (the only qualified Dentist

Dentist entertained by Government) in Government Order No.2524-6 Med. 50-17-4 dated 8th November 1917 for bi-weekly visits. This is not unreasonable considering the fact that he will have to draw the same pay till the end of his career without any further prospects in the department and depending solely on his private practice.

I therefore request that, in modification of the arrangement ordered in Government Order No.3818-19 Med. 56-23-2 dated 22nd November 1923, Mr. Monteiro s appointment as Dentist may be considered a Special one on a fixed pay of Rs.250/- per mensem outside the sanctioned cadre of Surgeons and Assistant Surgeons of the Department. I may add that the position of the Dental Surgeon attached to the General Hospital, Madras, is similar. He has a fixed pay of Rs,400/- with limited hours of work and is not entitled to the prospects of the other members of the Medical service.

I have the honour to be,

Sir,

Your most obedient servant,

K.B. Nyhmgo...

Senior Surgeon.
